Narrative: On the above date and time, I was dispatched to 1181 Sandy Creek Rd. Fayetteville, Ga 30214 in reference to a domestic disturbance.

When I arrived, I spoke to the complainant/victim, Juvenile Victim LD. Juvenile Victim LD stated that she and her father, Dollar, Creflo A. [REDACTED] had gotten into an argument. She said the argument was over a party that her father had told her she could not go to on Saturday night. She stated that she left the room they were in and entered the kitchen along

with her sister, [REDACTED] (120012). She said that while they were in the kitchen, Mr. Dollar walked in and found her crying. He asked why she was crying and she stated to him "i do not want to talk right now". Juvenile Victim LD said when she said that to Mr. Dollar, he charged her, and put his hands around her throat and began to choke her. She said he then slammed her to the ground and began to punch her and took his shoe off and started whooping her with it. While Juvenile Victim LD was speaking, I noticed a scratch on the right side of her neck close to her throat that was caused during the altercation. After speaking with the juvenile victim, I asked if she would fill out a witness statement and she agreed.

After speaking with Juvenile Victim LD, I began to speak with Mr. Dollar about the incident. He stated that he, and his daughter were in a disagreement about a party she wanted to attend. He told her that she could not go to the party because of her bad grades that she had made in school. He stated that after telling her no on the party, she went into the kitchen and became upset. Mr. Dollar said he walked into the kitchen and asked why she was upset. Dollar said that his daughter became very disrespectful and he approached her and tried to restrain her. Dollar stated that while restraining her, she began to hit back and then he wrestled her to the floor. He stated that while on the floor, he began to spank her on her bottom and the back of her legs. Dollar said after the spanking, his daughter calmed down and he advised her to go to her room. I asked Mr. Dollar if he would be willing to write a witness statement and he agreed.

After speaking with Mr. Dollar, I then spoke to [REDACTED] the sister to the juvenile victim and Mr. Dollar's nineteen year old daughter. She stated that she had walked into the kitchen where her sister was located. She said that her dad and sister had gotten into an argument. While in the kitchen, [REDACTED] said her dad walked into the kitchen and asked why Juvenile Victim LD was crying. [REDACTED] said that her sister told him that she didn't want to talk to him, and then said all she remembers is her dad grabbing her sister's shoulders and slapping her in the face. She said her sister tried to break free from him and did not fight back. [REDACTED] stated that her dad then threw her sister on the ground, and that's when [REDACTED] ran to get her mother, Dollar, Taffi L. [REDACTED]. [REDACTED] said that after her mother entered the room, her dad stopped hitting on her sister. [REDACTED] said that during the confrontation her dad put both hands around her sister's neck and choked her for about five seconds. I asked [REDACTED] if she would write a witness statement and she agreed. I should note that [REDACTED] wrote two different statements. The first statement she wrote was completely different to the events she had explained to me. She wrote, "my sister got into an argument with my father. She went into the kitchen and began to be disrespectful to my father. He simply bend her over and gave her a spanking, nothing that could physically harm her. I changed my story because I thought the situation went out of hand and I didn't want my dad to get arrested". That was the exact words from her first statement. After confronting her with statement she had written, and the testimony she had originally gave, [REDACTED] wrote and second statement explaining what she had first told me. [REDACTED] wrote the first statement due to her parents being outside with her while she was writing it. After separating her away from her parents, she then wrote down what she had first told me when I arrived on scene.

After I spoke with [REDACTED] I spoke with Taffi Dollar about the incident. She stated the only thing she saw was her daughter, the juvenile victim in the floor and did not see the altercation between her husband and daughter.

After collecting the witness statements, and with the testimonial evidence by both the juvenile victim and her sister, I placed Mr. Dollar under arrest. I explained to him that he would be charged with Simple Battery Family Violence, and Cruelty to Children. I then placed him in my patrol car and transported him to the Fayette County Jail. He was turned over to the jail staff and is awaiting warrants to be signed by a judge. All witness statements that were written were placed into evidence. While on scene Cpl. Vazquez took photo's of the injury on the juvenile victims neck.
